

COX REPRESENTATIVES LACK EVIDENCE TO SUPPORT GOVERNOR'S ACCUSATIONS INVOLVING REPUBLICAN CAMPAIGN FUND

On the Other Hand, They Agree That There is Nothing in the Budget of \$3,079,000 Which Indicates an Attempt at "Corruption"

BARNES' G. O. P. BOOK IS PRODUCED

Albanian's Record of Contributions to National Fund Comes in For Much Comment and Speculation on Part of Democrats Present

Chicago, Sept. 1.—Officials of the Democratic national committee testified today before the senatorial committee investigating campaign expenses that they brought no evidence from Governor Cox to sustain his charges of a Republican corruption fund, but that they believed his charges were true.

George White, recently elected chairman of the Democratic organization and Wilbur Marsh, its treasurer, both backed their candidacies assertion and in addition Mr. Marsh provided photographic copy of a subscription list to a Republican book published by William Barnes of the Albany, N. Y., Evening Journal, which he said indicated a violation of the federal statutes forbidding political subscriptions by corporations.

Mr. Marsh told Senator Kenyon, chairman of the investigating committee, that the original lists were "either in the hands of Governor Cox or the department of justice." Asked why they had not been turned over at once to the attorney general's office as the basis for probable prosecutions, he replied: "We considered them an excellent campaign document, besides we have had them only about two weeks."

"Well," said Senator Kenyon, "if any of the signers of these lists have violated the law they ought to be jailed, no matter whether they are Republicans or Democrats."

Other witnesses today were Parley P. Christensen, Presidential nominee of the Farmer-Labor party, Guy T. Scott, treasurer of the Republican congressional and senatorial campaign committees, and W. D. Johnson, hold over financial director of the Democratic national organization. Mr. Jamieson appeared at a night session, which was ordered in an effort to speed up the hearing.

Messrs White and Marsh agreed that the Democratic coffers were practically empty, but hoped for better conditions soon. They said that the party as yet had no campaign committee, no finance committee, and Mr. Marsh added that the heads of bureaus had not yet been appointed.

No Evidence of Corruption.

They agreed also that there was nothing in the budget of \$3,079,000 presented on Monday by Will Hays, chairman of the Republican national committee, that was in itself evidence of "a desire to corrupt the American electorate." Mr. Marsh thought the amount named was not excessive for a Republican campaign, but he said it would be far more than was necessary for a Democratic effort to elect a President.

The officials differed as to the amount needed for this year's campaign by their parties. Mr. White made a "strictly personal estimate" of \$2,000,000, but Mr. Marsh said this was too high a figure and that in the two months remaining before the election as good a campaign as the 1916 effort could be conducted for \$1,000,000. He said he would be "very happy" with that amount at the disposal of the committee. The evidence confirmed previous assertions that the 1916 campaign cost the Democratic organization \$2,300,000.

The Barnes book received considerable attention through the day. Mr. Marsh explained that to his mind the subscription list indicated a plan to collect large campaign funds independently of the regular Republican machinery. He said there were several organizations engaged in similar work and at the behest of Senator Kenyon he mentioned the National Young Men's Republican league, the Southern Protective league, the committee of American Business Men, the American Defense association and the Republican Publicity society.

Some Societies Are Endorsed.

As he mentioned each organization, the witness submitted a letter from its headquarters which he said bore out his assertion. He protested that he did not consider the Young Men's league reprehensible in itself but he thought that the idea of such an organization was a good one and that the Democrats had one of their own and hoped to revive it.

"But we financed our league through the national committee and wherever it collected was turned into the committee," he said.

The American Defense society was similarly endorsed, but he added that it was spending money to help elect Harding and he thought that fact was pertinent to the inquiry.

There was a deal of discussion about the Southern Protective Tariff association. The letter submitted from its organization asked that \$20,000 be collected in Texas alone and notation indicated that four Democrats and eight Republicans already had given \$1,000 each to the association. Mr. Marsh said any one contributing to a Protective Tariff association would be classed as a Republican and used the

BOYS WHIRLPOOL RAPIDS OF ITS YOUNG GIRL PREY

Buffalo, Sept. 1.—Miss Matilda Schoenert of Philadelphia was plucked from certain death in the whirlpool rapids at Niagara Falls this evening by Gordon W. Dunn of Montreal, who was severely cut in the rescue.

They were among the passengers on a gorge route trolley that was blocked at the edge of the whirlpool rapids by a fallen rock. The passengers got out of the car and were walking on the brink of the river. The girl fell over the slight embankment of 15 feet, but caught and clung to a projecting rock. Dunn saw her instant danger and vaulted the embankment. He landed on a slight beach of rock and cut himself severely on hands and head. Getting to his feet he struggled to the girl and seized her before she was swept away.

Help was quickly at hand and the pair were taken back to Niagara Falls. Dunn, after his cuts were dressed, left the hospital. The girl is still suffering from shock.

HARD COAL MINERS TO TAKE VACATION

Members of Sixty-Five Locals Will Quit Work to Force Better Pay and Working Conditions

Wilkes-Barre, Pa., Sept. 1.—Three hundred delegates representing 55 locals of District No. 1, United Mine Workers of America, in convention here today, voted to take a vacation until the coal companies acceded to the demand for increased wages and better working conditions as framed in the minority report of Neal J. Ferry, the miners' representative on the anthracite wage commission.

Hazleton, Pa., Sept. 1.—The scale committee of the United Mine Workers of America, representing the three hard coal districts, late today agreed to accept the award of the anthracite coal commission under protest and follow this up with the presentation of new demands. The miners' committee will meet the representatives of the operators in Scranton tomorrow, in pursuance of a call issued by Secretary of Labor W. B. Wilson for the purpose of writing the terms of the award into a two-year contract.

Indianapolis, Ind., Sept. 1.—J. L. Lewis, president of the United Mine Workers of America, late today issued an order for a general strike in the bituminous coal fields in Alabama. The order followed a report made by the organization committee of the international executive board.

The report declared the coal operators had failed to put into effect the award of President Wilson's coal commission of last March. It said the miners were working for wages far less than those specified by the commission and declared every attempt to arrange a conference with the coal operators of Alabama had failed.

AID FOR MACSWINEY IS SOUGHT FROM U. S.

Cork's Mayor, on Hunger Strike, Showed No Change Over the 24 Hours Limit for Him

Washington, Sept. 1.—Frank P. Walsh, chairman of the American commission for Irish independence, after a conference today with Secretary Colby, announced that Mr. Colby had promised to endeavor to do something and do it quickly in behalf of Terrence MacSwiney, lord mayor of Cork, now on a hunger strike in British jail, London.

Mr. Walsh said he asked the state department secretary to intervene either officially or personally with Premier Lloyd George to save MacSwiney, who, he said would die within 12 hours. He made a similar request of President Wilson in a letter left at the White House.

Secretary Colby, after Mr. Walsh's visit, in response to questions, said that he had the plea which had been presented him under consideration. Mr. Walsh said that he cited to Secretary Colby as precedent for American intervention in behalf of the Cork mayor the representation made by the United States in 1916 to the Russian government against the Jewish pogroms.

London, Sept. 1.—The condition of Lord Mayor MacSwiney in British prison tonight was without change, except that he appeared a trifle weaker. His relatives seem less anxious than they were a few days ago. Mrs. MacSwiney not paying her customary visit tonight.

ALARM CAUSED BY SUBSIDENCE OF EARTH

San Salvador, Republic of Salvador, Sept. 1.—Alarm has been occasioned at Corinto, the most important Pacific port of Nicaragua, by a subsidence of the earth along that section of the coast, according to a dispatch received here. The island which lies just off the harbor is being invaded by the ocean, and the people are leaving. Corinto is situated on the northern end of the Nicaraguan coast, which is of volcanic origin.

HARDING VIEWS SHIPPING ISSUE

Nominee Meanwhile Prepares His Speech on Agriculture to Be Given at Minnesota State Fair

SEES FEW CALLERS

Today Senator Harding Will Talk Before Delegates Representing Educational Societies

Marion, O., Sept. 1.—Commenting today on the proposed abrogation of various treaties under a provision of the shipping act, Senator Harding declared his belief that "some adjustment" in favor of American bottoms must be made if the present requirements of the trade are to be enforced. "I am not prepared to discuss the effect of the shipping bill on existing commercial treaties," said the Republican nominee when his attention was called to the subject. "The bill was enacted while I was involved in the pre-convention campaign. I voted for the measure. I never resisted the policy of favoring American bottoms and it is my own judgment that the only way we can ever fairly promote an American marine is to take cognizance of the specific requirements of our shipping, which competing nations do not require, and adjust ourselves to that situation in favoring contracts for the transmission of mails and other public business."

"If LeFollette's seaman's bill represents the conscience of America, as I think it does, and we impose unusual exactness on our merchant marines, we cannot make exactions on our merchant marine without some adjustment to meet the situation."

The senator referred to the subsidies granted by other nations to their shipping interests, and said he had been told by an eminent shipping authority that competition in foreign commerce would be impossible for American ship concerns unless they were given substantial assistance. Most of today Senator Harding spent at work on his speech on agricultural issues to be delivered September 3 at the Minnesota state fair. He saw few callers and tonight had almost completed his manuscript.

Tomorrow, the nominee will talk before a delegation representing the national educational association and other teachers' organizations, and in the afternoon will go to an exhibition ball game put on here for his special benefit by the Chicago Cubs and a local team.

POLAND'S ANSWER PLEASING TO ALL

Meets with Request That Poles Abstain from Transgression of Russian Territory

Washington, Sept. 1.—Entire satisfaction was expressed today by state department officials with the formal reply of the Polish government to the American note requesting a Polish declaration to abstain from transgression of Russian territory.

Poland is understood to have replied that strategic considerations must govern the halting of her army in the pursuit of the Bolsheviks at the frontier line of Poland tentatively fixed by the supreme council.

The reply of the Polish government was delivered to the state department yesterday by the Polish minister Prince Lubomirski.

The first portion of the reply consists of an expression of gratitude of the Polish government at the attitude assumed by the United States in the American note to the Italian ambassador on the Russo-Polish situation. The second portion, a memorandum addressed to Prince Lubomirski, serves as the specific reply of the Polish government to the United States.

While insisting the Polish government is in entire accord with the United States in the contention that Russian territory should be respected, the note declares that Poland is forced to consider the serious consequences likely to ensue from the abandonment of the present offensive against the Bolsheviks upon a fixed line without satisfactory guarantees.

TWO MOTORISTS KILLED.

Rochester, Sept. 1.—Two persons were killed and a third probably fatally injured this afternoon when an automobile was struck by a trolley express train three miles east of Albion. The dead are: Mrs. Lanna Fern Van Stone and her son, Harold, 15 years old of Albion; A. P. Chapman, a 72-year-old farmer of Gaines, who drove the car, is not expected to live. The brakes of the automobile are said to have failed.

B. R. T. MEN SUGGEST WAY TO END STRIKE

Leaders Seek Settlement on Basis of "Voluntary Wage Increase" by Company

New York, Sept. 1.—First intimation that a break in the Brooklyn Rapid Transit strike may soon be in sight came today, the fourth day of the walkout, when 5,000 carmen in mass meeting authorized their leaders to seek negotiations for settlement on the basis of a "voluntary increase" in wages to the company.

The plan, proposed by the union organizer, P. J. Shea, is to invite Federal Judge Mayer and Linley M. Garrison, receiver of the B. R. T., to submit a proposal for wage increases within the limits of the company's ability to pay. Abrogation of the closed shop principle will be the subject of further discussion, it was stated.

Agreement to entertain a wage offer from Judge Mayer was reached after the meeting virtually unanimously had rejected a proposal to arbitrate all existing difficulties except wage and closed shop demands.

Upon learning the "changed attitude" of the strikers, Judge Mayer seemed pleased tonight. He refused to comment upon it because the matter was not officially before him.

For the first time since Sunday, trolleys were operated on Brooklyn surface lines. When this fact was reported at the strikers' meeting, several hundred men hurried toward points where cars were running to "picket" the lines.

Developments of the day included sporadic clashes between strikers and non-union car men. Police reserves repelled an attack of 500 strikers and sympathizers on one car barn.

Confusion was noticeably less today throughout Brooklyn. Surface cars were protected by heavy steel screens under heavy police guard.

Surface car operations were suspended shortly after 7 o'clock tonight. This was done, company officials said, to safeguard the public, and service would be resumed in the morning with an added number of cars.

South Brooklyn was the scene of numerous clashes between the police and the strikers this afternoon and tonight, in which the police used their clubs to suppress disorder. Several times police reserves were called out when mobs numbering hundreds refused to move on.

One band of about 200 strikers in motor trucks, attempted to rush a car barn, but the police charged with night sticks and drove them off. Many arrests were made.

LODGE ACCUSES DEMOCRATS

"Unlimited Misrepresentation of Well Known Facts" Is Essence of Senator's Accusations.

Concord, N. H., Sept. 1.—Senator Henry Cabot Lodge, speaking here today before the Merrimack county Republican club, accused the Democratic party of "unlimited misrepresentation of well known facts" in its platform reference to alleged inconsistencies in his attitude on the making of peace with Germany.

"I am charged with inconsistency," said Senator Lodge, "because in an address I disapproved of deserting our Allies and making a separate peace in the midst of the war and yet was willing to make a separate peace with Germany two years and a half after that speech was made and when all our Allies had left us and had themselves made peace with Germany. I was right on both occasions and entirely consistent." The senator added that what was important was not the question of his personal consistency, but that one of the two great parties should have begun the campaign with misrepresentation.

GIRL STOWAWAY PROSTRATED

Two of Steamer Philadelphia's Crew Are Held for Abduction of Young English Woman.

New York, Sept. 1.—Suffering from privation of 14 days while in the hold of the steamer Philadelphia, Jean Tucker, an English girl, was unable today to give immigration officials at Ellis Island a clear explanation of her trip here. Ship officers declared she either was taken aboard ship or induced to go herself as a stowaway. She was placed under physician's care until she is able to appear for an examination. The woman was found wedged in the narrow hold space between bow plates and faintly conscious when removed.

Edward Manning, a fireman on the liner, later was held in \$2,000 bail by federal "commissioner Hitchcock on the charge of bringing the girl to the United States for immoral purposes. James Fallon, another steamship fireman, was detained as a material witness.

MOORE MAY TESTIFY

Preconvention Manager for Governor Cox Will Represent Him at Senatorial Quiz

Columbus, O., Sept. 1.—H. H. Moore, of Youngstown, Ohio, preconvention manager for Governor Cox, will leave for Chicago tonight as the personal representative of the Democratic presidential nominee to be ready to present to the senate subcommittee investigating campaign expenditures data in support of the governor's charges that the Republican committee is collecting a campaign fund of \$15,000,000.

This announcement was made this evening by both Mr. Moore and Governor Cox after an all-day conference participated in by the nominee, Mr. Moore and Senator Pomerene, Democratic member of the investigating committee.

Has Convincing Evidence

Whether he testified before the committee, Mr. Moore said, is up to the committee. He stated that in case the committee did not see fit to call him, the evidence which he expects to take with him will be there in readiness. He added, however, that it probably will find its way before the committee in some manner.

Commenting upon the papers which the governor turned over to him today and those which had come to him direct, Mr. Moore declared that "if Treasurer Upham is telling the truth, there is an entirely separate fund and we are going to find it."

Mr. Moore declared that if the men to be called in the investigation deny or refuse to produce evidence which he said will substantiate the governor's charges, he will present the evidence himself. He also declared that if those witnesses do not produce the evidence, he intends to call the matter to the attention of the department of justice.

Possesses Desirable Information

"I will have no hesitancy in calling the attention of the department of justice to the situation," he said.

"If the Republican party were in dicted, I would stake my reputation as a lawyer that the leaders would be convicted by a Republican jury in Michigan," Mr. Moore asserted.

Mr. Moore stated that he expected evidence to substantiate the governor's charges to come from the "paid district representatives" of the national committee in charge of the collection of funds in their respective districts and also some unpaid state chairmen. Commenting on the investigation and its progress, Mr. Moore asserted that charges have been made and denied, but that "the committee has not had information to conduct a thorough cross examination of Chairman Hays and others. He estimated that the material which he is taking to Chicago in the form of documents and otherwise will furnish this information. He said that he probably will insist that both Chairman Hays and Treasurer Upham be called for cross examination.

MORE THAN SCORE DEAD IN BELFAST

Troubles Resolve Themselves Almost Exclusively to Sniping for One Day, at Least

Belfast, Sept. 1.—The troubles in Belfast today resolved themselves as sniping on an extensive scale. Ballymacarrett district, as not affected. The worst spot was in North street. This evening the military danced along Gresham street, which abuts on North street, in pursuit of a man who was alleged to have fired on them from close range. The troops are being hampered by the curiosity of friendly onlookers, who insist on getting across their line of fire. Their unfamiliarity with the winding of the streets, consulting Milfield and Carrick hill, the latter Sinn Fein localities, is also proving a handicap.

An attempt to attack a Catholic church in Alfred street tonight resulted in an exchange of shots lasting half an hour. Several persons were wounded before the military dispersed the combatants.

The total death toll in Belfast up to the present is 25. There have been more than 200 persons badly wounded. Fires to the number of 260 have occurred and the ambulance brigade has answered 255 calls.

LID ON ASBURY PARK.

Asbury Park, N. J., Sept. 1.—Asbury Park will go on a short amusement Sunday basis September 5, when a new closing law passed yesterday shows its teeth. Movies and bowling games are ordered to take a holiday and while bath houses will be allowed to purvey swimming togs, all day, they must close their doors at 1 p. m. on subsequent Sundays.

Exemptions from the ban were granted none save purveyors of food, soft drinks, ice cream, cigars and newspapers.

TWO HOMERS BY CUBAN STARS

BOTH GLEANED BY WILLOW OF FIRST BASEMAN FERNANDEZ.

Davis Holds Well Handed Hitting Bunch from Havana with Exception of Two Innings in Which Homers Figured—Cubans Return for Game on Saturday.

The hard hitting Cuban Stars, who make the best teams in the country play their best, got after Tailor Davis, Manager Weidman's most dependable slugger, in two innings of yesterday's uneven contest with the Cubs at Neahwa park and grabbed five runs in the third and two in the last frame—all secured by hard hitting that would have discouraged a less plucky pitcher than Davis, who realized that he was being outplayed and laughed unconcernedly at the swipes of the Cubans. It was the two-jard history of Fernandez, the hero of many a battle in which the Stars have come out victorious, which turned the trick, so nicely and added materially to the run getting of the visitors.

In the unlucky third frame, first up drew a pass and this started the fast-paced and a double and two singles followed by a line drive over the left field fence in the vicinity of the score board by Fernandez for a homer which cleaned the bases, gave them their five runs all earned but the one started by the base on balls. With the bases cleared Davis steadied and the next three men were retired in order.

Thereafter Weidman's ace kept the bunch from Havana well in hand and only three singles, scattered in as many innings were secured by the visitors until the ninth in that inning after two were down, Ramirez made a single to left and was followed by Fernandez. His evident had seen of a new over for after swinging at a curve he batted to the pile of bats and picking out his long one, he returned to the plate. He met a speed one square and it sailed off in the direction of Herrie's sign and dropped safely outside the grounds.

RAILS GAIN AGAIN IN MARKET VALUES

Industrial Issues, on the Other Hand, For the Most Part, Suffer Further Declines

New York, Sept. 1.—Railroad and industrial shares again pursued widely divergent courses in the stock market today, the former continuing to gain, while the latter for the most part suffered further declines.

Buying of rails again centered largely around preferred issues of the western and southwestern sections at gross gains of one to almost four points, with St. Louis and San Francisco, St. Louis, Southwestern, Washington, Wisconsin Central, Kansas City Southern, and Missouri Pacific as the most prominent features.

There were occasional spurts in standard shares, notably the so-called Harriman and Hill groups, Canadian Pacific, Reading, and several of the cheaper coalers and eastern trunk lines at extreme advances of one to two points.

The financial difficulties of one of the minor automobile companies provided the bears with a pretext for another drive against the motors and associated specialties, in which oils also lost ground, recessions ranging from one to three and one-half points.

In the several miscellaneous divisions price movements were uneven, shipments, tobacco, food and textile stocks including toward improvement, while some of the less distinctive issues eased. Brisk rallies ensued toward the close, however, when call money, contrary to its recent custom, dropped below the initial rate on liberal offerings at 7 per cent. Sales amounted to \$35,000 shares.

Price tendencies in the bond market were mainly higher, foreign issues sharing with Liberty bonds and rails. Paris sizes rose one point and Dominion of Canada 5 1/2's of 1931 advanced one and three-eighths. Total sales, par value, aggregated \$9,875,000. Old U. S. bonds were unchanged on call.

REV. HENRY LOOMIS DEAD.

Native of Burlington, He Later Became Missionary in Japan.

Schenoy Lake, Sept. 1.—Rev. Henry Loomis of Yokohama, Japan, who died there August 28, was born March 4, 1839, in Burlington, N. Y., and was the son of Noah C. and Julia (Mearns) Loomis. When a young man, he attended Hamilton college and was a sophomore when the Civil war broke out and he enlisted in the 144th N. Y. Volunteers. In the Battle of the Wilderness, he was lieutenant and at Five Forks he commanded a regiment. In January, 1863, he was made first lieutenant. On September 20, 1864, he was made captain and was discharged in July, 1865. He always wore the badge of the Loyal Legion and he carried many bullet scars received in the war.

After the war, he attended the Polytechnic seminary at Auburn for three years, then went to the missionary school in New York one year, where he met his future wife, who was then Jane Herring Green, and they were married March 6, 1872. She was also a student there and after their marriage, they went to Yokohama, Japan, as missionaries. He was a Presbyterian missionary and founder and pastor of the Shioh church and on May 24, 1912, they celebrated the 40th anniversary of the founding of the church. He preached for about 50 years. His wife died suddenly April 23, 1920. He leaves to mourn the loss of a kind and devoted Christian father, six children, Clara and Jean, who were in Japan with him, and Louise, Harry, Everett and Roger, who are in this country. He also leaves two sisters, Mrs. Amelia Sturtevant of Richmond Hill, L. I., and Mrs. Mary Loomis of Burlington Flats; also two half sisters, Mrs. John Liddell of this place, Mrs. Minnie Kelsey of Burlington Flats, besides several nephews and nieces, among them Edward Sturtevant of Richmond Hill, Mrs. S. L. Whitman of Versailles, Ohio, Mrs. Mary Hume and William Loomis of Burlington Flats and Jay Loomis of Utica.

Mr. Loomis is well known in this vicinity, as he visited his sister several times since living in Japan. The particulars of his death, which occurred August 28, have not been learned. Mr. Loomis was for years general superintendent of the American Bible society of New York. Since his stay in Japan, there have been three wars and in one of them he saved the life of a prisoner, who was to have been shot, and later converted him and later he entered the ministry. Mr. Loomis' daughter, Clara, is principal of a girls' school in Japan.

BELGIAN BAND AT MORRIS.

Veterans Will Furnish Music During Four Days of Fair.

Morris, Sept. 1.—The management of the Morris fair has made arrangements whereby the famous Royal Belgian Veterans' band will furnish the music for the four days of the fair. This famous band has been playing on the Chautauqua courses the past summer, and is composed of 22 musicians, under the leadership of Emile Michaux, who was the composer of the music for the photograph "The Birth of a Nation." They will give special concert periods each day. So the people are sure of a great musical treat this year.

Old Sores and Piles

"I guarantee my ointment," says Peterson of Buffalo, "to cure eczema, to stop the itching at once and any reliable druggist will cheerfully refund your money if PETERSON'S OINTMENT doesn't do every thing I say it will do."

William A. Carter of Franklin, N. Y., is surely a wise man. He writes: "I used PETERSON'S OINTMENT on a little boy suffering terribly from eczema. It did the work."

Then there is Alex. Louttel, a brave fireman of Buffalo, who is glad to write as follows: "I had an old sore on my leg, made worse by the best doctors failed. PETERSON'S OINTMENT entirely healed the sore quickly." And from over in Canada comes a letter from A. Riechert, stating: "The best thing I ever hit for itching piles is PETERSON'S OINTMENT." TRANSPORTATION PROBLEMS.

The Association of Railway Executives is a body of operating officials of the chief railroads of the United States, whose purpose it is to set new and higher standards for railway achievement. At a recent meeting, these men adopted a program, which they say will result in better service to the public and consequently a greater degree of satisfaction than is now generally felt. Among the things which the association will undertake, with the cooperation of the public to obtain are:

An average daily minimum movement of 30 miles a day for freight cars, and an average loading of 30 tons per car.

Reduction of bad-order cars to a maximum of four per cent of all that are owned, and an early and substantial reduction of the number of locomotives now out of service.

More effective efforts to bring back cars to the owner roads.

All these things are important and would do much toward helping the present bad condition. According to reliable calculation, the average freight car is actually in a train moving between one terminal and another only 2.6 hours out of every 24; that is, the car is practically idle nine tenths of the time, and it is actually in the service of the shipper or receiver only 6.5 hours out of 24. Loading cars, says Chairman Daniel Willard of the association, are of no more use than loafing men, and he urges shippers to load and unload cars as promptly as possible after they are received.

While these things should be done, there is one statement which perhaps the public will not regard so favorably. This is that "this program covers things to be done before improvement in transportation can result from the rate increases granted July 31." This would seem to put along to an indefinite date such relief as had been rightfully expected from the increase in freight charges, and moreover, it appears to impose a considerable part of the burden on the public. That the public should cooperate is true, but any laxness on its part should not be accepted as sufficient excuse for the railroads. In the days of the war, with insufficient number of employees in all departments of transportation, the daily service for two months was 28 miles a day, and for one month 29 miles. With more workers and with no such war-time congestion of freight in one direction, waiting often for days at city terminals for opportunity to unload, it would seem that the mentioned minimum should not be difficult of attainment.

COMMENTS OF THE PRESS

Back to Barbarism.

Moslem religious authorities in Anatolia have issued a proclamation declaring the principles of Bolshevism to be identical with those of Islamism and calling on all good Moslems to accept the tenets of Bolshevism. This is particularly interesting to the Western world as revealing somewhat more of the principles and character of Bolshevism. The Turks are not far wrong in seeing in Bolshevism a reversion to the Mongol destructiveness and military tyranny which they always have represented. — [Buffalo Express.]

Tribute to James Wilson.

As Secretary of Agriculture, James Wilson served for sixteen years under the McKinley, Roosevelt and Taft administrations. How greatly he contributed in that time to the upbuilding of the department is best shown by the constructive work accomplished and the close relations established by cooperation between the government and the farmers. If much that "Tama Jim" did escape being spectacular, it was lasting in value and prepared the way for larger plans by his successors for the advancement of agriculture as America's first industry. — [New York World.]

Quite Drowned Out.

D'Annunzio wants this Bolshevik-Poland business settled at once. They have been making so much noise that the world can't hear him. — [Seattle Post-Intelligencer.]

Useful at Last.

Paper suits can be made to sell for 69 cents retail, and thus a real use may be found for the Congressional Record. — [The Indianapolis News.]

Rural Enterprise.

"I see you have had the streets of this beautiful little city finely paved," remarked Mr. Chuggins.

"Yes," replied the constable. "We had to do something to keep up the excitement. Our roads got so lumpy that everybody slowed up a quarter of a mile out of town and nobody got arrested for speeding." — [Washington Star.]

The Importance of Little Things.

The increase in the importation of raisins this year amounts to 1,400 per cent and all on account of one-half of 1 per cent. — [Detroit Free Press.]

JEALOUS OF GALE'S FAME

That's Real Reason Why Certain Papers Malign Him—Star Included.

Circulars recently sent out from Binghamton, printed possibly in that city and signed "Committee of Friends of Linn A. E. Gale," have been received by acquaintances of the former Albany, Norwich and Oneonta newspaper man and subsequent slacker and deserter. These circulars state that they are not the individual utterances of Mr. Gale but are sent out by his friends, inspired by a sense of duty, and a desire to elect Eugene V. Debs to the presidency. Later, they say, Mr. Gale himself will write to his friends in the state personally asking them to support Debs; but, in the meantime, "wouldn't it be a pretty good proof of what we people up here think of wars, profiteers and tyrants, if Debs should get several thousand votes in this section; and wouldn't it be a pretty good proof of what we think of Linn Gale?"

The circulars pay their respects to a goodly number of men and newspapers of this section—to the Norwich Sun, the Edmeston Local, the Oxford Times-Review, and The Oneonta Star, and regarding the two latter say that "they were always jealous of him and of his fame as a writer."

Now you see how it is! That Gale made checks which he was unable to pay, that he was a slacker and afterwards a deserter, and that in Mexico he conducted a magazine which is the admitted organ of Bolsheviks and advanced Socialists, had nothing to do with it. It's jealousy of his remarkable literary attainments!

EIGHT THOUSAND IN WALTON.

Fair Opens Wednesday With Record Breaking Attendance for First Day—Largest Stock Entry in Twenty Years.

Walton, Sept. 1.—Today was the first exhibition day of the Walton fair, and all the predictions which had been made both as to exhibits and attendance were entirely fulfilled. There were 8,000 people on the grounds, and the general use of the auto as a means of conveyance is indicated by the fact that there were 2,000 autos, bringing visitors from all parts of Delaware and adjoining counties. The weather in the morning may have discouraged some attendants, but the skies cleared before noon and the track, which had been rather heavy, was in good shape for the races in the afternoon. Both races were closely contested, and were watched with great interest. The results were as follows:

2:15 Class—Purse \$300.

Elizaga, Fred Brink, Stone Bridge 5 1 1
Bob the Great, F. D. Wilcox 2 2 2
Deposit 1 2 5
Aldridge, W. E. Reed, Sidney 2 5 3
Silver Much, John Clark, Newark 3 3 4
Rumy Bingen, L. Paterson, Carbondale 4 4 3
Time—2:14½, 2:14½, 2:14½, 2:20.

2:25 Class—Purse \$300.

Billy Wilcox, F. D. Wilcox, Deposit 1 1 1
Raymond Bear, Paterson, Carbondale 2 2 4
Donna May, W. H. Austin, Walton 3 3 2
Sunflower 4 4 3
Playboy Bingen, Kuhlman, Ellenville 5 5 5
Time—2:19, 2:20, 2:19½.

There will be two fast races Thursday, also a floral parade and parade of Foreign War Veterans, and an address by John Clark of Delhi, a candidate for the Republican nomination for congress. Many horses have arrived for the free-for-all and 2:35 races of Friday, which will be big events.

In all departments of the fair, including cattle, poultry, the ladies department and others, the entries are larger than for the past twenty years. Principal entries of cattle were of Holsteins, by Peter Chambers, Joseph Reamsa and Sidney Uiter of Walton. Chambers winning the herd prize; of Jerseys by A. B. Twiddle and Henry Tripp of Walton, and of Guernseys, Willard Rallick of Marathon and M. E. Smith of Richford. Both these were state fair herds on their way to Syracuse.

AT THE STRAND TO-DAY AND TO-MORROW

THE COUNTY FAIR IS ON

GOOD CROWD YESTERDAY DESPITE UNFAVORABLE WEATHER OF MORNING.

Harper Defeats Camp's Bellardine in Close Race—George R. Fitts Gives Excellent Address on Agricultural Problems—Young Lad, Bitten by Dog, Wants to See Fair Right Away—Bicyclist Injured in Collision with Auto Truck.

Cooperstown, Sept. 1.—The county fair got into full swing today and notwithstanding not altogether desirable weather conditions, there was a good-sized crowd on the grounds during the afternoon, and all were well repaid with two exciting horse races and an above-the-ordinary roof garden attractions.

The result of the races follows:
2:30 Pace, 2:25 Trot, Purse \$300.
Wilkie Winter, J. W. Hamilton.

Hobokus, N. J. 2 1 1
Helen B. A. Marshall, East Springfield 1 2 3

King Ashbourne, M. Ochotko, Herkimer 2 3 2
Northern Maid, H. W. Talbot, West Winfield 4 4 4

Time—2:24½, 2:24½, 2:25½.
2:15 Pace, 2:09 Trot, Purse \$400.

Harper, Henry Folts, Ilion .. 1 1 2
Bellardine, S. G. Camp, Oneonta 2 2 1

Alice Patch, Mrs. Henry Folts, Ilion 3 3 4
Show Me, Samuel Justice, Ilion 4 4 3

Time—2:17½, 2:17½, 2:19½.

The speaker of the day was George R. Fitts of Tompkins county, a "real dirt farmer" and incidentally Democratic candidate for lieutenant governor. He did not touch on political matters, however, devoting himself entirely to problems of interest to the farmer. His attitude on agricultural topics of the day was sound and his address was appreciated by all those who heard it.

The special attractions at the fair this year, advertised as uncommonly good, proved today to be more than that. The boxing matches on the platform were easily the center of interest and provided much entertainment. Owing to the unfavorable weather, the ballroom did not make his ascension. The acrobatic comedy acts were put on according to schedule, however, and were well carried out. They included the Sherwood aerial act, and La Letties equilibrist.

Although the exhibits at the fair perhaps are not as large as usual this year, they are of a higher quality. The Home Bureau carried its milk bar to the midway, and Holstein highballs, Jersey Flizz and Guernsey Julep were quaffed in quantities. The youngsters are having a place at the fair this year, sewing, knitting and other handwork done in various schools over the county being on exhibition in the secretary's rooms near the ticket office. The cattle sheds are well filled and the display is a good one.

A Forest Camp at the Fair.

A unique touch is given to the fair by the forestry exhibit of the State College of Forestry at Syracuse. The exhibit is really a forest camp in the woods, surrounded by demonstrative panels showing how the fair can be made to pay its share toward the state's maintenance. There is an army tent, fire and camping equipment, and the "woody" nature of the exhibit is accentuated by the forester in charge, attired in a forestry costume, with high boots and rough country clothing. The forestry exhibit is of particular interest and value in Otsego, where under the auspices of the County Improvement society and the Farm bureau, much has already been done in the way of reforestation.

Wants to See Fair.

One boy in Cooperstown that wants to see the fair in a bad way is Harold Ottaway, eight-year-old son of Alden Ottaway, who lives on the road to Westville. Harold was brought to Thanksgiving hospital today, suffering from a bad wound in his forehead caused by a dog-bite. The lad was playing about the house as usual and is believed to have stepped on the dog, which is usually a great friend of the child. The dog jumped and his bite caused a gash in the boy's forehead that required eight stitches to close. Harold hopes to be out of the hospital tomorrow and wants to go to the fair. No fears are entertained that the case will develop into rabies, as the dog has never been infected and does not manifest mad tendencies.

Another accident today resulted in injuries to Lee Burton Dickinson, employed on the Fentmore Farms of Edward S. Clark. While riding his bicycle, he collided with an auto truck at the corner of Lake and Chestnut streets and was thrown under the wheels of the truck, which passed over his body. Almost miraculously, no bones were broken and aside from painful bruises, Mr. Dickinson does not seem to be in a bad way. He was removed to Thanksgiving hospital,

where he is attended by Dr. Atwell, who thinks his patient will be about again in a week. The truck figuring in the accident was from Mohawk and was driven by a man named Bouton.

Richmondville Authorities Fall Down

A Cobleskill automobilist named Pollett was arrested in Richmondville Sunday for reckless driving; but when the case came up for trial an acquittal was necessary because the village authorities had not filed the local speed limit with the secretary of state as required by law. In that case, 30 miles and not 15 is the limit.

Schoharie Jail Pretty Near Empty.

When the state inspector visited the Schoharie jail on July 27, there were only two prisoners in custody, only one of whom was serving sentence. The highest number of prisoners during the year has been three, the average 1, and for much of the time the jail has been empty. The prisoners are not enough even to be company for one another, and they have received as a favor the permission to work a garden in the rear of the jail. Prohibition, it is evident, has had its influence in Schoharie.

ONEONTA AUGUST WEATHER.

Temperature, Rainfall and Winds for the Dog-Days Month.

The August meteorological record, as kept at the observatory station of the government weather bureau in Oneonta, shows that the mean maximum for the month was 81.5 degrees, the mean minimum about 57.9 degrees, and the actual mean 74.2 degrees. The highest temperature was 89 degrees on the 9th, the lowest 45 degrees on the 24th, and the greatest daily range on the 4th, when the temperature varied from 45 to 84 degrees.

The rainfall for the month was 6.77 inches, of which the largest fall was 1.23 inches on the 25th. There were in all 11 days with a measurable amount of rainfall, 15 clear, 4 partly cloudy and 9 cloudy days. On five days there were thunder storms, the most severe on the 23rd. There were three days with west wind, eight from the northwest, seven from the southwest, three from the south, four from the southeast, two from the east, three from the northeast and one variable. The rainfall was much above the average August, but in recent years has been exceeded in 1888, 1903 and 1905. In 1895 the August rainfall exceeded 11 inches.

HERE FRIDAY EVENING.

"Polly and Her Pals," Musical Comedy, at Oneonta Theatre.

"Polly and Her Pals," the rollicking musical comedy success, the finest thing John P. Mulgrave ever wrote, and the best money maker George M. Gatts ever presented, will be offered at the Oneonta theatre tomorrow night. The fame of this gorgeous musical extravaganza ran over the country within the first two weeks of its spectacular opening and the demand for it came with increasing avidity from north, south, east and west. The continued appreciation of the critics increased the out-of-New York belief that "Polly and Her Pals" was all that its sponsors claimed for it, and if anything, more; so that at the beginning of the present season the Cliff Sterrett, John P. Mulgrave and George M. Gatts masterpiece was the most prominent feature of the theatre's prospects. It will be presented with an ideal cast of musical comedy stars and a chorus of Broadway beauties. The sea sale commences this morning at 10 o'clock.

NAB GANG OF AUTO THIEVES

Police Arrest Three Men for Part in Plot That Had Been Flowing For a Year

4 CARS RECOVERED

Many Others Probably Will Soon Be Located—Gang Operated in Several Cities of State

With four stolen autos already recovered and three men in jail charged with their theft, the Oneonta police department, after several months of persistent effort in following up various clues, has uncovered a plot by which an organized gang of men have been stealing cars and selling them, pocketing the proceeds for their own use. Developments have been coming thick and fast for the past couple of weeks, but it was not until yesterday that Chief Frank N. Horton announced that the department had "finished the job" so far as arresting the culprits was concerned, although there is still considerable work before the rest of the cars the gang stole are located. It has been common knowledge about the streets of the city for the past few days that "somebody big" was going on in the front room of the Municipal building, but so as not to perhaps interfere with the police in their work, no publicity has been given the arrests.

Members of the Gang.

The three men now in jail for the crime, the charge being grand larceny in the second degree, are:

Earl Thayer, 20, of Oneonta.
Ed. Porter, 29, of Oneonta.
Lynman Hotelling, 35, of Sidney.

According to the police, the way the scheme was worked by the trio was for Thayer and Porter to steal the cars and turn them over to Hotelling, who sold them to various persons about this section. Although only four cars have thus far been located by the police, probably two or three times that number will have been found before the search ends.

It is estimated that the gang has been carrying on its activities for nearly a year now, but up until recently they have been doing their "work" so well that they left few clues for the authorities to work on. The first arrest was made on June 17, last, when, after being located by Officer Simmons, of the local force, Porter was apprehended in Ilion and lodged in the Herkimer county jail at Herkimer, where he still reposes.

Thayer was arrested in this city last Sunday night by Officer O'Dell after it was learned that a Buick roadster in the possession of Lynn Smith of South Side was one of the stolen cars. Smith had purchased the car in good faith of a local dealer and was greatly surprised when he learned that it was one of the autos that the gang had picked up in its rounds. The Buick was the property of Dr. O. C. Vermilye of Fremont, Ohio, and disappeared from that city last fall. After the police had learned its owner, Dr. Vermilye came to Oneonta early this week and after satisfactory identifying it as his property, it was turned over to him.

The three other cars Chief Horton and his aides have recovered are a Ford stolen of A. E. Tucker of North Herkimer and later sold by the gang to Robert DeForest of Mt. Upton, another Ford taken from Loderick's garage at Herkimer and sold to Wasson Slier of Bainbridge, and a Dodge car belonging to a Mr. Brooks of Ilion. Thayer and Porter are said to have admitted that they broke into Brooks' garage and got the car, later bringing it to Oneonta, where they sold it to Louis Yager, who later made a deal with S. L. Champlin of West Oneonta, who had the car in his possession when the police located it. He had bought the auto in good faith, thinking that the deal was perfectly honorable, and was surprised to learn that he had a stolen car in his possession. All of these four cars have been returned to their owners in good condition, and the owners have been free in voicing their appreciation of the work of the Oneonta police in running down the culprits.

Chief Horton states that Hotelling, the Sidney man, has been in the "auto business" for some time and it was said that he acted as the "go-between," disposing of all cars that Thayer and Porter brought to him. He was arrested at Sidney last Monday afternoon by Chief Horton, Officer Simmons, and the Herkimer county sheriff, and removed to the Herkimer county jail, where he is now being held for the action of the grand jury. It is not improbable that after he has been sentenced for the part he played in disposing of the cars stolen in Herkimer county, he will have to face similar charges of larceny in other counties. How many stolen cars passed through Hotelling's hands no one will estimate, but it is safe to say that they were not few.

Thayer held in City Jail.

Thayer is still held in the city jail here and will be given a further hearing tomorrow morning, after which he probably will be held to await the action of the next grand jury. He has had the attention of the police focused on him on previous occasions, and if his guilt is clearly fixed, it un-

doubtedly will go hand with him this time. His two pals, as previously stated, are held at Herkimer.

Meanwhile, the local police continue their search for more of the cars that passed through the hands of the gang. An eye is also being kept open for the Dodge touring car of Charles Sanford of South Side, which was stolen last week and which the police think was taken by the same parties. Officer Simmons has been busy for the past week and more visiting Binghamton, and other cities in this vicinity in search of stolen cars. It has been no easy task to go through every garage in the place and inspect every car for numbers or other marks of identification that would tell whether it was the one wanted. The department has scores of cards on file, which give descriptions of cars that have been stolen all over the state and these are helpful. Auto thieves have been very active of late in Binghamton and a number of the cars stolen there are believed to have been taken by Thayer and Porter. The police won't give up their search until they are assured that they have recovered every car this gang got hold of, and the four they have already recovered is only a start.

The workings of this gang were unearthed solely through the efforts of the Oneonta force, and to them credit for the enterprise is therefore due. This is easily the biggest job that the Oneonta department has ever accomplished, and Chief Horton and his men have been successful where higher-salaried detectives of many larger cities about the state have failed. It is truly a fine piece of work and should help materially in making unpopular the common "occupation" of auto stealing.

Would-Be Bicyclist Comes to Grief.

"Speck" VanVoert took to a bicycle last evening in an effort to cover ground faster but his attempt proved unsuccessful, for he had not gone far before he was hit by a Ford car driven by Charles H. Dils of this city. The accident occurred at about 7:15 at the corner of Main and Dietz streets, but the only damage resulting was a broken wheel of the bicycle, its rider not being injured.

American Medical Unit Introduces "Spotless Town" Idea In Holy Land

MAKING DOLLS for PALESTINE'S ORPHANS at the HEADQUARTERS of the PALESTINE SUPPLIES DEPARTMENT in NEW YORK

Up-to-the-minute American doctors with all the ingenuity and skill of modern medicine, are now in Palestine redeeming the land of milk and honey from the disease and unsanitary conditions that have sapped its strength for hundreds of years.

These doctors, many of them noted as among the most skilled surgeons and sanitary experts in the United States, comprise the American Zionist Medical Unit, sent to Palestine by the Zionist Organization of America to make the Holy Land a fit place to live in when world migration opens up on a large scale. This will be realized as soon as Palestine's political future has been settled by the Treaty with Turkey—a matter of a few months at most. The joint distribution committee helps maintain the unit.

They have waged war against the mosquito, responsible for most of Palestine's malaria, and practically driven the disease out of the country. They are draining the swamp lands

and cleaning out the ancient wells—breeding places of most of Palestine's diseases.

Hospitals and clinics have been created in the principal cities of the Holy Land—in Jerusalem, Jaffa, Tiberias and Safed—and through the \$10,000,000 Palestine Restoration Fund being raised throughout the United States by the Zionist Organization of America, the work of the unit, now known as the Health Department of the Holy Land, is to be greatly extended.

An army of 5,000 women throughout the principal cities of the United States, under the direction of Mrs.

A. H. Fromenson, head of the Palestine Supplies Department, with headquarters at 74 Fifth avenue, New York City, works in connection with the unit, furnishing supplies for the hospitals and clinics, and clothes for Palestine's 4,500 Jewish orphans, through their sewing groups.

To the war orphans of Palestine, Mrs. Fromenson is known as their "American mother," because through her organization the children are kept supplied with good-looking, up-to-date American clothes.

No institutional clothing is sent to Palestine, every effort being made to send as many varied designs as possible, so that the children will not all be dressed alike, as is characteristic of "charity clothes."

To supply new-born babes with clothing, the women's organization has sent the medical unit thousands of baby clothes, containing twenty pieces of infant apparel, from blankets to safety pins.

All the work of the medical unit is non-sectarian. Thousands of Arabs and Christians receive treatment from the hospitals and clinics. The work of the unit is part of the great efforts of the Zionists to make of Palestine the Jewish Homeland.

Mr. and Mrs. L. S. Dawley and Miss Helen C. Fruts of this city and Mrs. George W. Ostrander of Liberty, who had been on a motor trip to points of interest in Canada, arrived in Oneonta yesterday and report a very enjoyable outing.

Mrs. A. G. Russell and son, Kenneth Russell, left yesterday morning for New York city, where the latter will enter New York university for a four-year course. Mrs. Russell will remain for about a week.

Mrs. Frank Bond and children of 28 Cepertey avenue left yesterday for Watton, where for the balance of the week they will be guests of Mrs. Bond's sister, Mrs. William Cole, and incidentally attend the Watton fair.

Edward Calkins, yeoman on the U. S. S. Ballard, a torpedo boat destroyer, left Wednesday to rejoin his ship at Newport, R. I., after a ten days' shore leave spent with his father, Bert Calkins, of 15 Washington street, this city.

Miss Beatrice Austin returned last evening from Schenectady, where she and her friend, Miss Anne Clark, also of Oneonta, attended a house party given at Union college. Miss Clark is making a visit with friends and relatives in Troy.

Mr. and Mrs. Charles Rowland of Upper West street entertained the following guests at their home Tuesday: Mr. and Mrs. Earl Hoag and daughter, Evelyn, of Athens, Pa.; Miss Pearl Brechtauff of Erie, Pa.; Mrs. Marjorie Hoy and Miss Nettie Hoag of Morris, N. Y.; and Mrs. L. S. Darling, daughter Anna, and son, Stanley, of 1 Morgan avenue departed Wednesday for a few days' sojourn in New York city. They were accompanied by Miss Marion Chase of Chrome, N. J., who for some time had been a guest at the Darling residence.

Mr. and Mrs. Walter D. Fox, who had been absent for the past month on a trip to the Pacific coast, have returned to Oneonta and are now at their home, 10 Giles avenue. Most of the time of the western sojourn was spent in the states of Washington and Oregon. A feature of the trip was a hunting excursion by auto in the mountains of Oregon, where they had the pleasure of making plentiful bags of sage hens and rabbits.

Walter Webb, a civil engineer connected with the engineering department of the Southern Pacific railroad, with headquarters at Tucson, Arizona, left for home Wednesday after a two weeks' visit with his father, Harry Webb, of 24 Ford avenue.

Mr. and Mrs. R. E. Kishbaugh and son, George, returned yesterday from a week's motor trip, which included Richfield Springs, Utica, Syracuse and back by Norwich, at which latter place they visited friends and relatives and attended the Chenango County fair. They report a very enjoyable trip.

Mr. and Mrs. George H. Wood of Oneonta have returned from a two weeks' camping at the Suringham camp at Goodyear lake. They were accompanied at camp by Mr. and Mrs. Otto L. Vars, Mrs. F. H. Elchborn, Mrs. Kittle VanLoan of Elizabeth, N. J., Mrs. Harriet Rainer, Miss Elizabeth Rainey, Mr. and Mrs. Harry C. VanLoan of Athens, Mrs. Rosalie Burham, Dr. C. Stillman of Brooklyn, Mr. George J. VanLoan of Hoboken, N. J., and Mr. and Mrs. Lynn Vars of Alfred.

Next Year's Danish Picnic Committee.

At the concluding session of the Danish picnic last Saturday, Cooperstown was selected as the place for the gathering next year, and Chris Christensen of Hartwick was elected president and J. P. Lindberg of West Laurens, N. J. Berg of East Meredith and P. Mossgr of Herkimer members of the committee of arrangements. Following the address of Mr. Fredericksen at the last session there were brief remarks by Chris Christensen, N. P. Neilsen of Milford, P. H. Narberg of Kortright and Messrs. Lindberg of West Laurens, Christensen of Little Falls and Narberg of East Meredith. Ch. Christensen and Mr. Lindberg in particular commended the Dairyman's League and the Farm Bureau and urged every Danish farmer to join these organizations.

Gilboa Man Fined \$5.

Richard Roberts of Gilboa, who was arrested Tuesday afternoon by Patrolman Walling on a charge of public intoxication, pleaded guilty when arraigned before Judge Huntington in city court yesterday morning. He was fined \$5, which he paid. Roberts spent Tuesday night in the city lock-up.

A Childish Threat.

Is not Germany's threat to turn Bolshevik unless penalties are relaxed a good deal like the grim determination of the small boy to run away and become a train robber and general desperado unless requirements that he learn his lessons properly are withdrawn or modified?—[Richmond Times-Dispatch.]

The NEW EDISON

There's a way of spending money that spreads incomes over bigger "sandwiches."

Big business calls it financing. Government calls it budget-making. We call it the Budget Plan.

Would you like to own a New Edison?

Our Budget Plan will show you how to "swing" the purchase, without cutting in on your present necessary expenditures.

Now is a good time to buy. The New Edison has advanced in price less than 15% since 1914; this includes War Tax. Mr. Edison has kept prices down by absorbing increased costs out of his own pocket.

Ho! for Summer Sandwiches

In hot weather, when you're hungry, but don't want anything too heavy, try the satisfying effect of a club or chicken sandwich garnished with lettuce—light but substantial; you'll find it ideal, non-heating Summer fare.

Here are some sandwich receipts just right for the dog-days—equally delicious for the Sunday night supper, the basket lunch or the motor-trip.

Club Sandwiches.

Make ready the desired number of pieces of toast. Prepare each sandwich as follows. Place a lettuce leaf on one of the slices; sprinkle over it a teaspoonful of salad dressing; add the sliced chicken; put on a little more lettuce and dressing; then the bacon and tomato, and more lettuce and dressing. Finish with the second slice of toast. Cut the sandwich cornerwise. Garnish with very small lettuce leaves or parsley and serve at once.

Hot Chicken Sandwiches.

Cut Bread in slices one-quarter inch thick. Spread lightly with creamed butter and lay on thin slices of chicken. Sprinkle on a little celery salt. Press the second slice of Bread in place; toast on either side and when finished butter the toasted surfaces.

Jelly Sandwiches

Spread buttered slices with currant jelly and sprinkle with chopped English walnut meats. Trim crusts and cut slices in half, diagonally.

For jam or marmalade sandwiches, follow the same directions omitting the nut meats.

Outing Sandwiches.

Prepare the desired number of slices of Bread, and butter lightly. Peel one or two sweet apples, core, and slice very thin. Place a layer of apple on the bottom slice; then a generous spread of peanut butter; add another layer of the apple and press top slices firmly in place.

To get the most delight and benefit from these Summer sandwiches, they must be made with "Nu" Bread. You'll find—

"Nu" Bread

—the loaf supreme. Ask your grocer.

MERIDALE HIT BY STORM

Hundreds of Dollars' Damage Caused by Tuesday's Miniature Tornado.

Meridale, Sept. 1.—The worst electrical and wind storm that has hit Meridale in several years swept this vicinity on Tuesday, breaking down telephone lines and felling the poles so that they obstructed traffic on the roads, badly damaging shade and fruit trees, leveling fields of oats, corn and buckwheat, and causing general havoc. Old residents of Meridale said the storm greatly resembled the tornado that swept through the Outcut valley in 1866, causing great damage. The loss around this vicinity alone as a result of yesterday's storm is estimated at several hundreds of dollars.

Church to Celebrate Birthday.

The Presbyterian church of this village will celebrate its twentieth anniversary on September 14. In the evening, there will be an appropriate program, with several visiting ministers expected, including Rev. Mr. Van Wic, the first pastor of the church. It is planned to make this celebration a community affair and everybody is invited and urged to attend and make it a success.

Local Notes.

Jacob Jacobson and family of Meridale sailed from New York last Friday for Norway, their native land. — Mrs. M. L. G. Proper of Connecticut is visiting her sister, Mrs. F. J. Strickland. — Mr. and Mrs. Smith of Johnson City were recent guests of Mrs. Smith's brother, Robert Harder. — Miss Ethel Burns is visiting relatives in Scotia and Westerloo.

SEES GOOD IN THE TEA CUP

Doctor Elliot, Aged Educator, Goes on Record as Having Faith in That Moderate Stimulant.

Dr. Charles W. Elliot, now in his eighty-sixth year, confesses to a deviation from the strict rule of abstinence which cannot but cause concern in the inner circles of moral reform, says the New York World. Though he has always indulged in "stimulants like tea, coffee and alcohol," and in tobacco not at all for more than half a century, he yet finds a certain virtue in tea drinking. "I have used tea most," he says, "because it seems to me to facilitate the mental effort of writing and speaking."

If the venerable ex-president of Harvard university had merely said that he derived some dietetic benefit from tea, no exception would be taken to the statement. It is his frank admission that he uses tea as a stimulant and finds that it helps his mental processes which will be challenged. Can there be good in any stimulant? Can the willful excitation of the mind by any kind of brew be other than immoral in its essential nature? All Simon-pure reformers of the drink evil will feel sure that the use of tea has drugged Doctor Elliot's intellect and robbed it of its highest productivity. But what the world has lost in that particular will count as nothing to the self-revelation that this distinguished champion of temperance is not 100 per cent perfect in his prohibition views.

Coins Handled Automatically. A tremendous amount of labor is saved daily at the offices of the Detroit street railways by automatic coin-handling machines. A bank of machines handles an average of 200,000 coins each day. The machines are operated by one-third horsepower motors. The coins are placed in hop-pers at the top, in all denominations, just as they come from the fare boxes on the cars. Without further attention, battered and badly worn pieces are thrown out and the remaining coins are sorted into their respective denominations. These are accurately counted and properly wrapped in rolls of new desired amounts.

ADRIANOPLE IS
BEAUTIFUL CITY

Airman Describes Romantic
Charm of Mosques and
Gardened Homes.

DECADENCE OF CITY GOES ON

Strangers Treated Kindly in an At-
mosphere of Friendship—City En-
dures Its Shabby Gentility
With Pride and Calm.

Adrianople, Thrace.—The decadence of two centuries, present political and economic disintegration, wars without end, and an uncertain future, have been unable to destroy the ineffable charm the Turks originally gave to this city of eighty-odd thousand souls. Adrianople is still a holy city in faith and in appearance. Romance still abides here.

"The Orient is the only place left to Europe where cities seen at close range are beautiful," remarked Jules Seholio, a French aviator, while visiting the most beautiful of all mosques, Sinan's masterpiece here, the mosque of a thousand windows but one, erected at the order of Sultan Selim II, in the sixteenth century.

The first impression of the city has been one of infinite beauty. Arriving from across the lofty Balkans in an airplane, the city had been seen with a rush, a place of spires, and slate domes and red roofs, planted at the intersection of three rivers. It had been a welcome sight. It had come at the end of a four-hours' ride, and it was the journey's end to a tired aviator.

Charming Aloft or Afoot.

Seen from aloft, the city, surrounded by poplars at its outer rim, its house gardens within the city showing green vines and flowers, its outlying fields bare, aroused memories of Mar-dia on mountains, Diarbekr by the Tigris and hosts of other Turkish cities, always sleeping in beauty, whether visited by sunshine or moonlight.

The longer the stay in Adrianople the more the charm of its beauty grows, a charm that is as great afoot as aloft.

Adrianople is a city that has the tone of country friendship about it, not unlike a county seat of the South. The center of the agricultural exchange business of Eastern and Western Thrace, it is frequented by peasants and traders of Turkish, Greek, Bulgarian, Jewish and Armenian nationalities. There is record of but one American ever having done business in the city, and he came here from Paris and bought up all the brooms.

While no day knows what the next day may bring forth in the way of political strife and crime, today the city preserves this tone of friendship and order. Strangers as they go along the streets or visit the shops are treated with kindly concern. The Turkish officers salute courteously and there is no glint of hostility in the eyes of the Turkish soldiers carrying their new rifles, recently distributed to them by Col. Djefar Tatar Bey.

The decadence of Adrianople goes at a dignified pace. There is little or none of the seething squalor and dirt and noise and poverty of Constantinople. There is none of the clamor of Constantinople's street cars and automobiles.

Pride in Shabby Gentility.

There are a few ragged beggar children who besedge the stranger, but for the most part Adrianople endures its shabby gentility with pride and calm. Here there are none of the fallen houses and dusty streets which characterize the majority of the cities of Asia Minor.

Prayers are called from the minarets as of old; also the old and new bazaars do a slender business in selling American and European calicoes and homespun cloths and Turkish silver mounted pipes and cigarette holders, rugs, junk, to passing peasant customers; or else when these are lacking they swap with each other, after the happy manner of all the Orient.

Decadence seems to have heightened the beauty of the majestic old mosque of Sultan Bayazid. The windows are broken in, the locks are rusted in the doors, the grass is growing up between the flagstones, the fountain in the court no longer splashes its water in the sunshine, and the interior of the mosque itself is slowly deteriorating.

Few worshippers come here, but on the drowsy Friday afternoons, the Mussulman's day of worship, come a devoted band of musicians and singers. The author stumbled upon this group and one of the red-faced band saluted with the simplicity of the Turk and said, "Allah emariadik."—"May God abide with you."

Whales Annoy Crew.

Newport, Ore.—Jonah now has the heartiest sympathy of Capt. Rich Chatterton of the fishing schooner Fremont. The Fremont lay in a school of whales off Siletta river, and none of the crew could get a wink of sleep. Every time they closed their eyes a whale would slap the water with its tail and produce such a loud crash that they would jump to see if the boat had been damaged. The sound made by blowing easily drowned the whistling buoy's friendly call.

Some Crab!

The British museum contains a spider crab measuring 18 feet across its outstretched legs.

New Classification.

Junior, pointing to a fox terrier's little short tail, exclaimed: "Say, daddy, I wish you'd buy me one of these cute little short stem dogs."
